## Announcing the 2022 Training Industry Top Training Companies Lists: IT & Technical Training

**RALEIGH, N.C. — Nov. 3, 2022** — Training Industry today announced its selections for the 2022 Top Training Companies™ lists for the IT & Technical Training sector of the corporate learning and development (L&D) market. Training Industry, the leading research and information resource for corporate learning leaders, prepares the Training Industry Top 20 report on critical sectors of the corporate training marketplace to better inform professionals about the best and most innovative providers of training services and technologies.

**Selection to the 2022 Training Industry Top IT & Technical Training Companies lists was based on the following criteria:**

- Breadth and quality of program and service offerings.
- Industry visibility, innovation and impact in the IT and technical training market.
- Client and customer representation.
- Business performance and growth.

“This year’s Top 20 IT & Technical Training organizations are innovative providers that continuously grow and adapt to the training needs of their learners,” said Jessica Schue, market research analyst at Training Industry, Inc. “These providers continue to upscale their IT content to compete with the ever-changing market. With advancing technologies and modalities, these organizations take an immersive approach by offering virtual labs and virtual instruction, as well as enhancing tools to make programming and IT more relatable and easier to follow.”

“The companies chosen for our IT & Technical Training Watchlist offer a breadth of emerging courses on topics and skill sets such as cloud computing, programming and data science, with many different modalities to meet organizations’ IT training needs,” said Tom Whelan, director of corporate research at Training Industry, Inc. “With an influx of leading-edge content to anticipate and respond to market demands, these organizations are constantly expanding their portfolios to ensure learners receive the most updated IT and technical training needed for success.”
